

2005-2006 Alaska Winter Drawing Permit Hunt Supplement

**Deadline for Applications is
December 6, 2005**

Apply Online

Use this supplement to select your hunt numbers.
Then apply online at

www.wildlife.alaska.gov

If you apply online, please **DO NOT MAIL** application.

- OR -

Complete your application form and mail it to:
ADF&G Drawing Permit Applications

**PO Box 228080
Anchorage, AK 99522-8080**

Zoe Ellis, 12, of Nabesna, took this ram in September 2005 while hunting in the Wrangell Mountains with her father, Kirk Ellis. The ram met the curl and/or age requirements for the area in which it was harvested.

Instructions for applying for a drawing permit

Apply early! By applying early, there is more time to verify your application and provide you with an opportunity to correct the error. If a daytime (8-5 Alaska Standard Time) phone number is provided, an attempt will be made to resolve application errors when practical and if time permits. Read the drawing permit hunt application instructions carefully. The instructions are located on the back of the application form. Fill out your application accurately and submit the correct amount of money with each application. Prior to applying for drawing permit hunts you must obtain or have applied for an Alaska hunting license.

There is NO REFUND of application fees. Only when too much money is submitted, or the hunt is canceled, is a fee refunded. Please use credit card (MC or VISA), check or money order (U. S. funds) made payable to State of Alaska. Cash, debit cards and check cards are not accepted.

Hunters who receive a drawing permit DO NOT need general season harvest tickets/reports to participate in a drawing hunt. If you have a general season harvest ticket/report for a particular species in addition to your drawing permit, DO NOT report the results of your drawing hunt on that harvest report -- it creates duplicate information.

Properly completed permit reports must be returned by the date specified on the permit, even if you did not hunt or were unsuccessful. If you did not return last year's drawing, Tier II, or registration report, even if you claim the postal service lost your report, you may be ineligible for all drawing, Tier II, and registration permits for the next regulatory year. A hunter may apply on a Drawing Permit Single Application form OR a maximum of two (2) hunters desiring to hunt together may apply as a party on a Drawing Permit Party Application form. For a party application, both hunters apply on the same form and both will receive permits if drawn.

- If you do not apply online, your applications must be mailed to the address shown on the application form. It is your responsibility to make certain your envelope is postmarked by December 6. Some post offices routinely pouch mail without postmarking it and send it on to a larger distribution center where it is postmarked 24-48 hours later. We suggest you hand-carry your envelope into the post office, ask that it be postmarked and then look at the postmark to make certain it says December 6 or earlier. A postmark means a U.S. Postal Service postmark -- postage meter dates do not count.
- Applications postmarked by December 6 will be accepted until December 16.
- Notification letters are no longer mailed to applicants. Drawing results will be available online in mid-February at www.wildlife.alaska.gov.
- Supplements and applications are also available online at www.wildlife.alaska.gov.
- Detailed hunt area maps are also available online at www.wildlife.alaska.gov/gis/index.cfm.

WARNING!

If you fail to report on any permit hunt (drawing, Tier II, registration) you will be ineligible to hunt in any permit hunt the following regulatory year. Permits awarded in this drawing period will be revoked if any of your permit hunt reports are not received by ADF&G.

Guide Requirements for Nonresidents

Nonresidents who are not citizens of the United States (nonresident aliens) are required to be personally accompanied in the field by a licensed guide when hunting any species of big game.

Nonresidents who are citizens of the U. S. are required to be personally accompanied in the field by a licensed guide or be accompanied in the field by an Alaska resident over 19 years of age within the second-degree of kindred* when hunting brown/grizzly bears, Dall sheep, or mountain goat.

Those intending or required to hunt with a guide should make certain there is an available guide licensed for the specific area they wish to hunt. Having successfully obtained a permit doesn't guarantee the availability of a guide. For information regarding guiding, contact:

Dept. of Commerce, Community and Economic Development
Division of Occupational Licensing
PO Box 110806, Juneau, Alaska 99811-0806
Phone (907) 465-2543

***Second-degree kindred:** A father, mother, brother, sister, son, daughter, spouse, grandparent, grandchild, brother- or sister-in-law, stepfather, stepmother, stepsister, stepbrother, stepson or stepdaughter.

Hunters should be aware that except for a registered or master guide it is illegal for anyone to provide for compensation any supplies, equipment, or services (other than transportation) to a big game hunter in the field. In other words, transporters and individuals cannot legally provide for compensation vehicles, fuel, bear bait and/or stations, camping, hunting, or game processing equipment or any hunting services such as cleaning of game, glassing, packing, etc. from a permanent or nonpermanent structure in the field or on a boat on saltwater. Licensed transporters may provide transportation services and accommodations (room and board) only at a personally owned permanent structure in the field or on a boat on saltwater. It is illegal for a transporter to accompany or remain in the field at a nonpermanent structure with a big game hunter who is a client of the person except as necessary to perform transportation services. Unlicensed individuals cannot legally provide transportation service or accommodations for compensation.

A hunter must be 10 years of age or older by the starting date of the hunt to obtain a permit. A hunter under the age of 10 is allowed to hunt only on behalf of an adult permit holder, under the direct and immediate supervision of that adult. The adult permit holder must be a licensed hunter, 18 or older and is responsible for ensuring all legal requirements are met.

- The number of permits actually issued may be adjusted up or down depending on the outcome of the most recent population surveys. Many of these surveys are not completed until after the publication of this supplement.
- Each hunt is assigned a unique hunt number. Use only hunt numbers listed in this supplement. The complete number must appear on the application.
- You may apply for the same hunt number only once on all individual and party applications combined.
- You may submit up to three (3) different hunt numbers per species on all individual and party applications combined.
- You may not apply for more than three (3) different drawing permit hunts for the same species per regulatory year. Bear and moose hunts are available in both Spring and Winter application periods -- be careful that you do not exceed three total choices.
- No person may receive more than one drawing permit per species per regulatory year. Permits are not transferable.
- If you received a drawing permit last year, you are ineligible to receive a drawing permit for the same hunt this year.
- If you won any Koyukuk Controlled Use Area (CUA) moose permit last year you are ineligible to receive a drawing permit for any Koyukuk CUA moose hunt this year.
- Guided nonresident Koyukuk Controlled Use Area moose hunters may only apply for ONE hunt, either DM823 or DM825.

See page 8 of this supplement for valuable information regarding how the drawing works, including results of the 2004 Winter Drawings and how to improve your chance of drawing a permit.

KODIAK BROWN BEAR

Guided Nonresident Spring Hunts Spring Season: April 1 - May 15

All successful applicants

- Drawing winners will be notified by mail, but permits can only be obtained by appearing in person at the ADF&G office in Kodiak prior to going into the field.
- Permits for the spring hunt will be available March 14, 2006.
- All check-in and check-out must be done at the ADF&G office in Kodiak during regular state office hours: weekdays (except holidays) 8 a.m. - 4:30 p.m. Alaska Standard Time.
- A valid Alaska hunting license, Big Game Tag Record, and a brown bear locking tag must be presented before a permit can be issued.
- Hunters are restricted to a 15 consecutive day hunt period they must select when they pick up their permit.
- The bag limit is one bear every four regulatory years, and a legal bear is any bear except cubs or females accompanied by cubs.
- Appl

Sturgeon River**	DB145	3	Much of south and east Afognak Island is privately owned and subject to land use fees. Access permits are available from land owners. Land status maps and addresses of land owners are available at ADF&G offices in Kodiak, Anchorage, Soldotna, Homer and Fairbanks.			

Reporting requirements:

- **Successful hunters**
Report in person to ADF&G in Kodiak within 2 days after leaving the hunt area, and submit their completed hunt report. The bear skull (unfrozen and removed from the skin) and hide (with claws and evidence of sex attached) must be presented for sealing within 30 days of harvest and prior to leaving Unit 8. Guided nonresidents may leave their bear skull and hide with their guide if they complete a temporary sealing form.
- **Unsuccessful hunters**
Report in person or by telephone (907-486-1880) to an ADF&G representative in Kodiak within 2 days after leaving the hunt area. Completed permit reports must be submitted in person or by mail within 10 days after leaving the hunt area.

Guide requirements:

- Nonresident Kodiak brown bear hunters who are not citizens of the United States (nonresident aliens) must be accompanied in the field by a licensed guide legally registered to hunt in the area.
- Nonresident Kodiak brown bear hunters who are U.S. citizens must be accompanied in the field by a licensed guide legally registered to hunt in the area for the hunts listed above.

Special provisions for nonresidents hunting with relatives:

- Nonresidents intending to hunt with a resident relative must apply for the DB200 series of permit hunts during the month of May.

Special provisions for nonresidents hunting with a registered guide:

-
- The drawing for the guided nonresident Fall permits will be held in late May, and results will be available in mid-June. Spring permits will be held in early December, and the results will be available after December 20.
- A licensed big game guide must accompany all nonresident Kodiak bear hunters who are not hunting with a resident relative.
- All nonresidents applying for a Kodiak bear hunt must provide the ADF&G office in Kodiak with a Guide-Client Agreement (available from the guide or on the ADF&G web site) that is completed and signed by the applicant and a guide who is legally registered to hunt within a particular Hunt Area. The deadline to provide the Guide-Client Agreement is the same as the drawing hunt application deadline. Guide-Client Agreements can be mailed (211 Mission Road, Kodiak, AK, 99615), faxed (907-486-1869) or brought in person.
- A guide may only sign as many Guide-Client Agreements as there are permits available for a particular hunt area (for example, there are 3 permits available for hunt DB131, so an individual guide can only sign 3 Guide-Client Agreements for that hunt).
- Kodiak National Wildlife Refuge and some private landowners only allow certain guides to take nonresident bear hunters on their lands. Prior to applying for a permit for these areas (marked with an asterisk), hunters are strongly encouraged to check on guide availability. A list of the guides registered for particular hunt areas can be obtained from the Dept. of Commerce and Economic Development, Division of Occupational Licensing, PO Box 110806, Juneau, AK 99811 for a fee of \$5.
- If a successful applicant cancels a permit (in writing to ADF&G in Kodiak), we will choose an alternate for that permit. Alternate lists for each hunt area are produced during the drawing process.
- If successful applicant cancels a permit, and there are no alternates for the hunt, unallocated permits will be issued on a first-come, first-served basis starting on the fourth working day after the cancellation is received in the Kodiak ADF&G office. To reserve one of these permits, a hunter or an approved agent must bring a completed and signed Guide-Client Agreement to ADF&G in Kodiak.
- If there are no applicants for a drawing permit, or if the alternate list within a particular area is exhausted, we will issue all remaining permits on a first-come, first-served basis starting on February 24,2006 for the spring hunts. To obtain one of these permits, a hunter or an approved agent must bring a completed and signed Guide-Client Agreement to the ADF&G office in Kodiak.
- Guided nonresident hunters in Hunt Areas DB138-DB146 are encouraged to take male bears. If a guided hunter takes a female bear from one of those areas, and that female has a skull that is less

Transportation of supplies, equipment, or services:

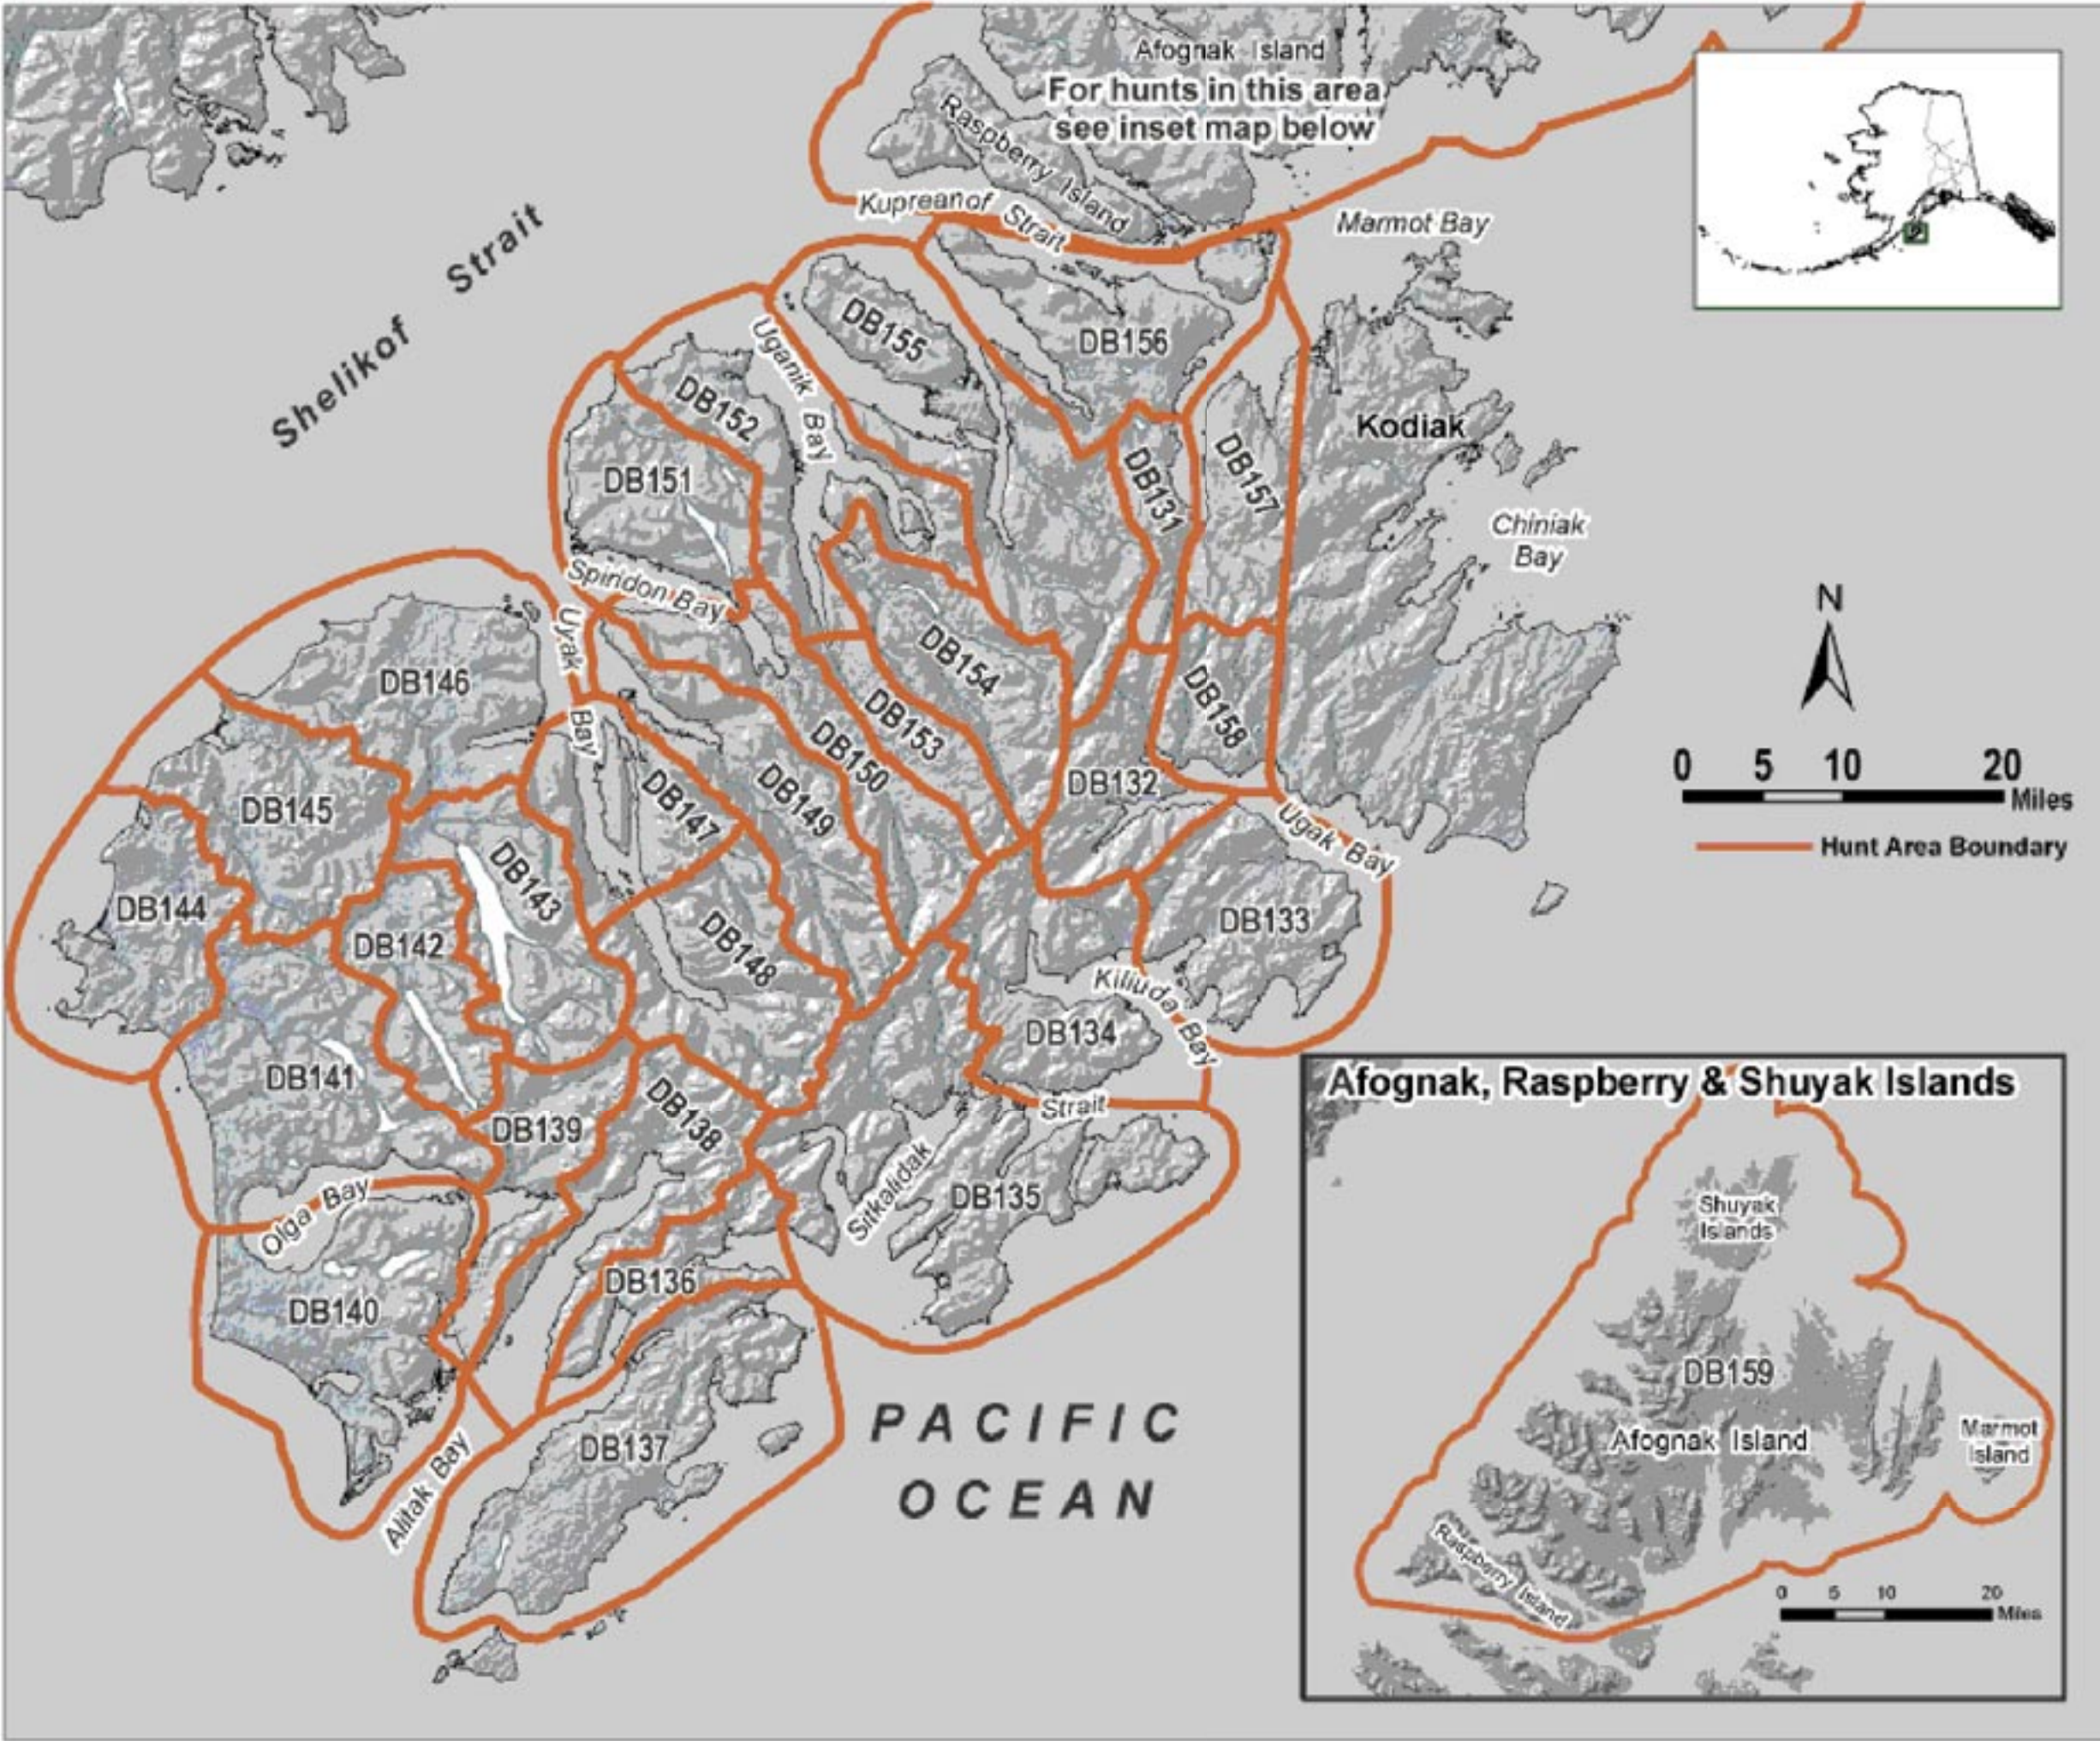

Hunters should be aware that except for a registered or master guide it is illegal for anyone to provide for compensation any supplies, equipment, or services (other than transportation) to a big game hunter in the field. In other words, transporters and individuals cannot legally provide for compensation vehicles, fuel, bear bait and/or stations, camping, hunting, or game processing equipment or any hunting services such as cleaning of game, glassing, packing, etc. from a permanent or nonpermanent structure in the field or on a boat on saltwater. Licensed transporters may provide transportation services and accommodations (room and board) only at a personally owned permanent structure in the field or on a boat on saltwater. It is illegal for a transporter to accompany or remain in the field at a nonpermanent structure with a big game hunter who is a client of the person except as necessary to perform transportation services. Unlicensed individuals cannot legally provide transportation service or accommodations for compensation.

The Alaska Department of Fish and Game administers all programs and activities free from discrimination based on race, color, national origin, age, sex, religion, marital status, pregnancy, parenthood, or disability. The department administers all programs and activities in compliance with Title VI of the Civil Rights Act of 1964, Section 504 of the Rehabilitation Act of 1973, Title II of the Americans with Disabilities Act of 1990, the Age Discrimination Act of 1975, and Title IX of the Education Amendments of 1972. If you believe you have been discriminated against in any program, activity, or facility, or if you desire further information please write to ADF&G, P.O. Box 25526, Juneau, AK 99802-5526; U.S. Fish and Wildlife Service, 4040 N. Fairfield Drive, Suite 300, Arlington, VA 22203 or O.E.O., U.S. Department of the Interior, Washington DC 20240.

For information on alternative formats for this and other department publications, please contact the ADA Coordinator at (voice) 907-465-6077, (TDD) 907-465-3646, or (FAX) 907-465-6078.

Kodiak Brown Bear Permit Areas - Unit 8

Much of south and east Afognak Island is privately owned and subject to land use fees. Access permits are available from land owners. Land status maps and addresses of land owners are available at ADF&G offices in Kodiak, Anchorage, Soldotna, Homer and Fairbanks.

BROWN/GRIZZLY BEAR (Except Kodiak)

Nonresident Spring Hunts

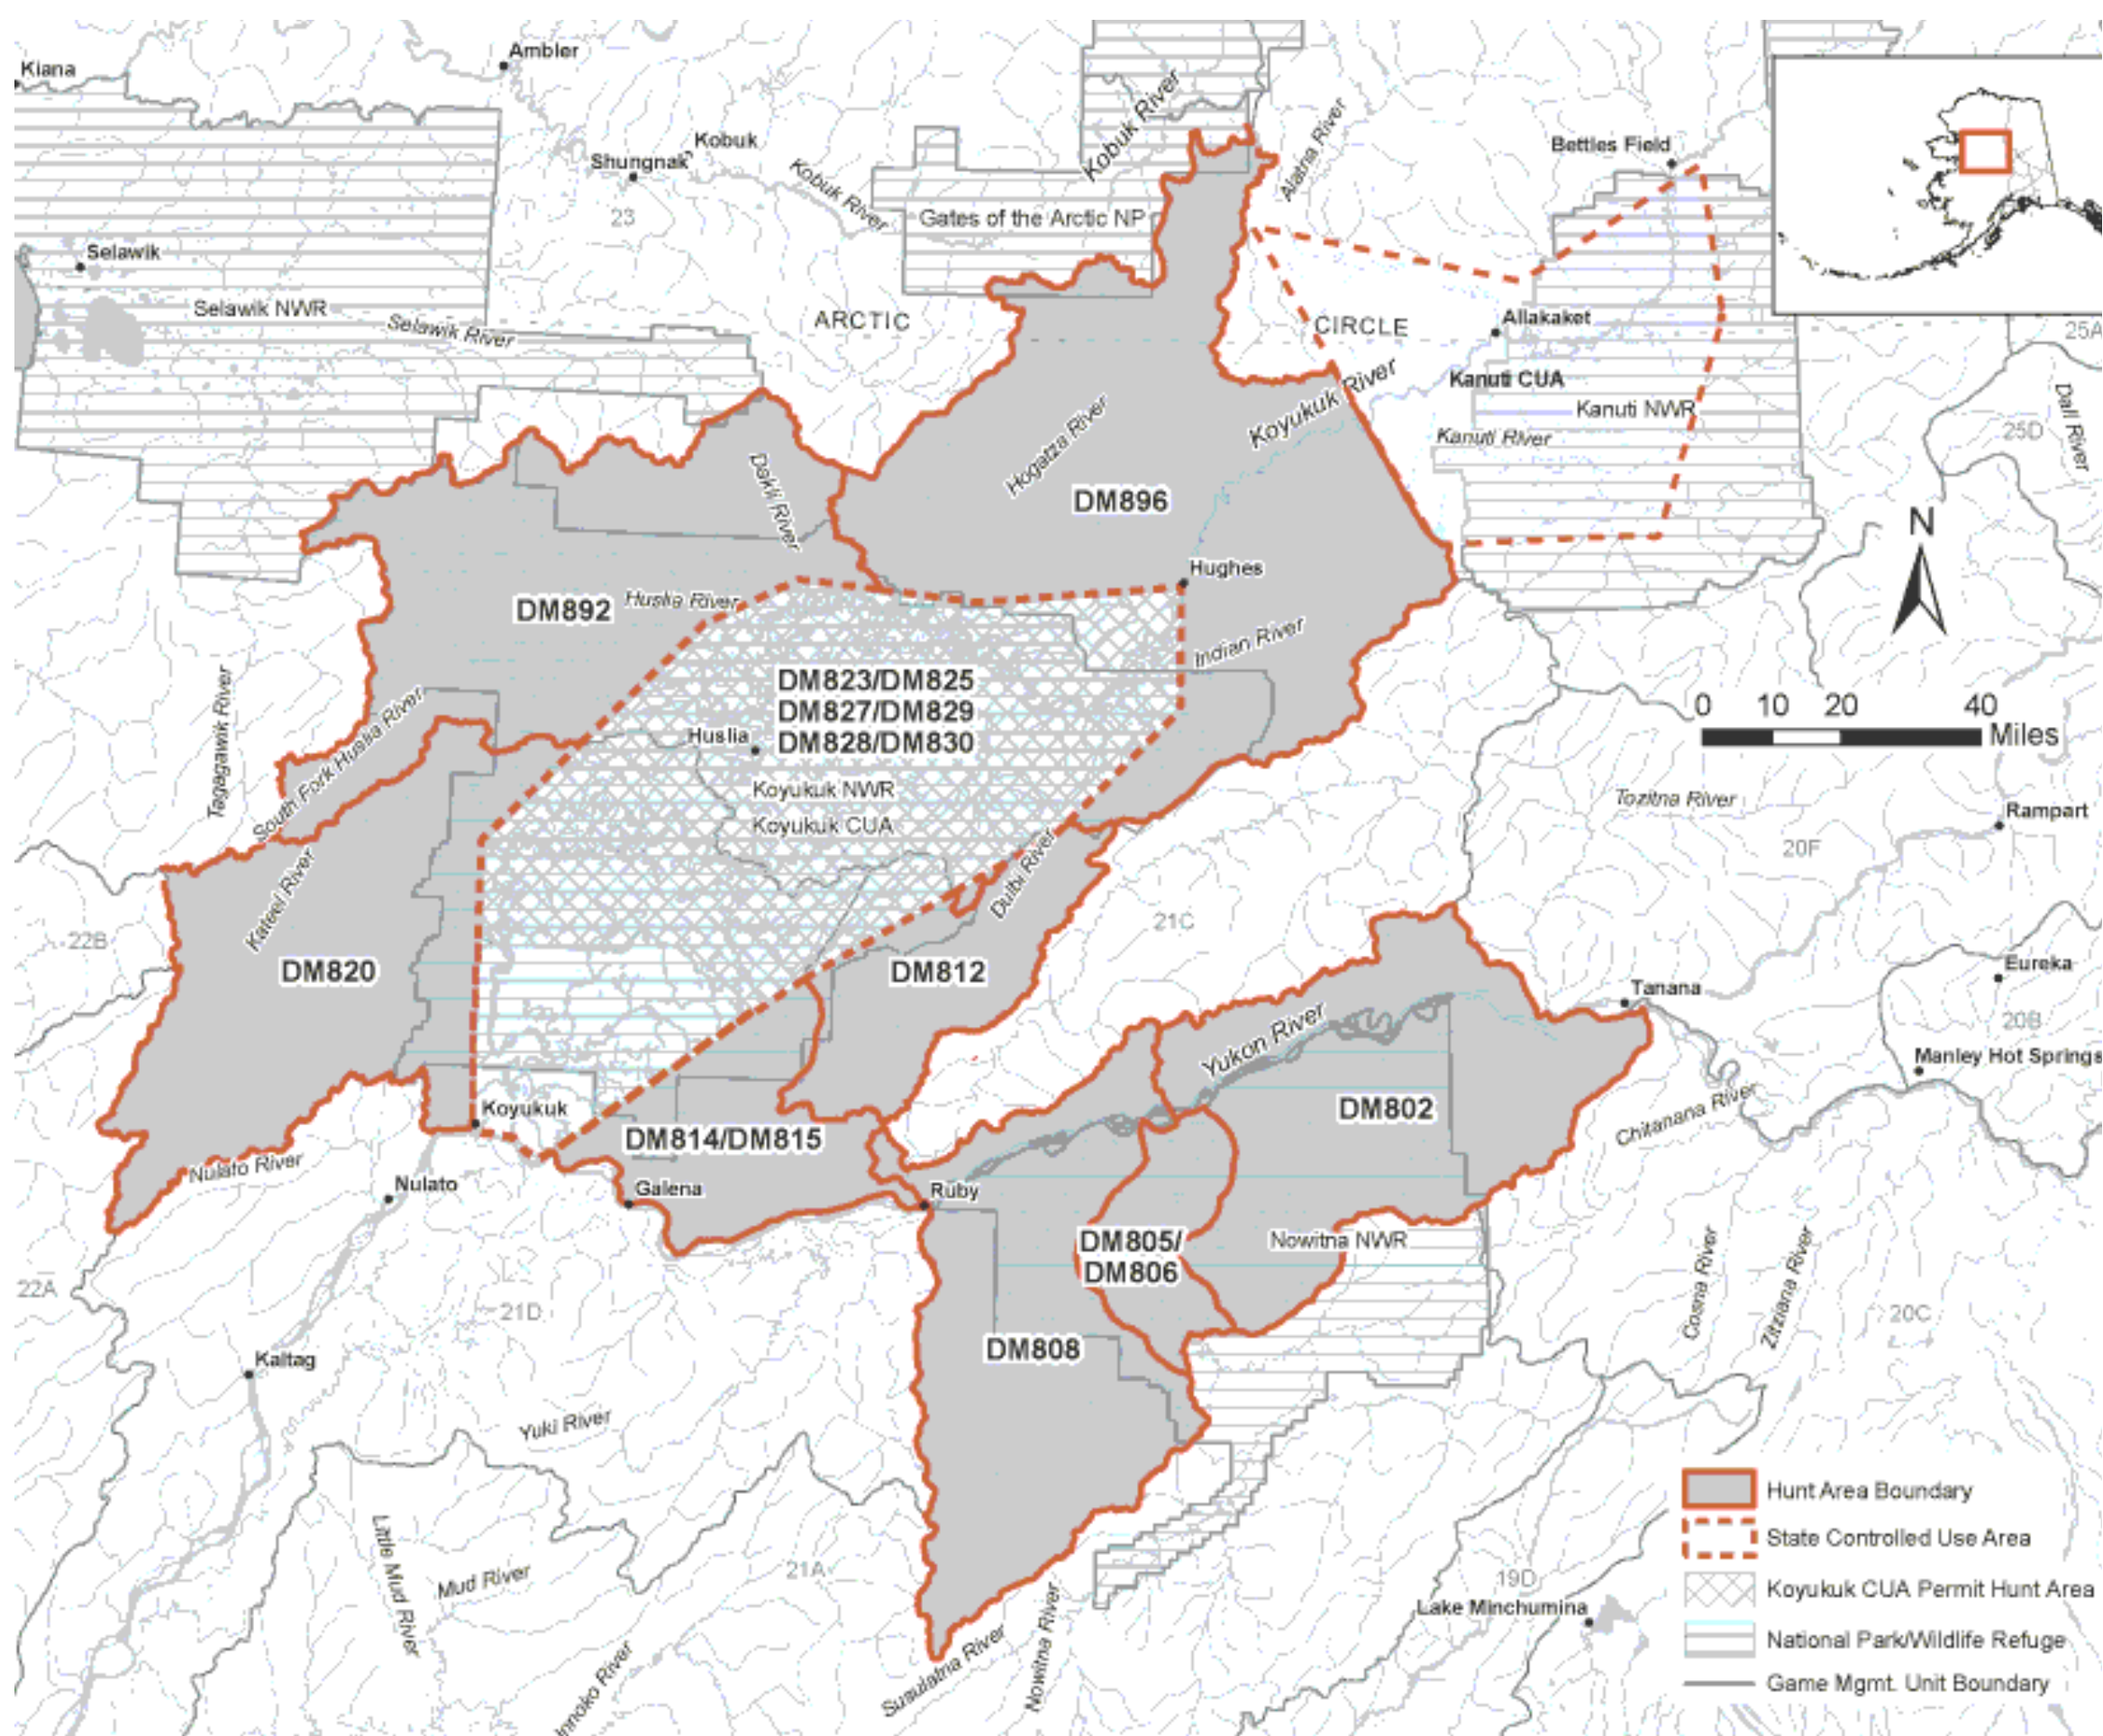

- All nonresident brown bear hunters must be accompanied in the field by a licensed guide or an Alaskan resident relative “within the second-degree of kindred” as defined on page 1 of this supplement.
- A brown/grizzly bear locking tag is required in all hunts listed below.
- A legal bear is any bear except cubs or females accompanied by cubs.
- If successful, the skull (un□
- If successful, you must return your hunt report to the ADF&G office in Anchorage within 30 days of the kill.
- If unsuccessful, you must return your hunt report to the ADF&G office in Anchorage within 15 days of close of season.

Nonresident hunters: Please use your Alaska guide’s address to facilitate timely receipt of your permit if you are successfully drawn.

26B Nonresidents Only	DB997	4	Mar. 1-May 31	<ul style="list-style-type: none">• If unsuccessful, you must report to ADF&G by mail within 15 days of close of season.• The bag limit in hunt DB997 is one bear per regulatory year.• Certified bowhunters only in the Dalton Highway Corridor Management Area portion of the hunt.

Detailed hunt maps available on our web site at www.wildlife.alaska.gov/gis/index.cfm

Koyukuk Moose Permit Areas - Units 21D & 24

Koyukuk Controlled Use Area Hunt Description - The Koyukuk Controlled Use Area includes those portions of Unit 21 and 24 bounded by a line from the north bank of the Yukon River at Koyukuk at 64°52.58' N. lat., 157°43.10' W. long., then northerly to the confluence of the Honhosa and Kateel Rivers at 65° 28.42' N. lat., 157°44.89' W. long., then northeasterly to the confluence of Billy Hawk Creek and the Huslia River at 65° 56.66' N. lat., 156° 40.81' W. long., then easterly to the confluence of the forks of the Dakli River at 66° 02.56' N. lat., 156° 12.71' W. long., then easterly to the confluence of McLanes Creek and the Hogatza River at 66° 00.31' N. lat., 155° 18.57' W. long., then easterly to the middle of the Hughes airstrip at 66° 02.56' N. lat., 154° 15.69' W. long., then south to Little Indian River at 65° 55.89' N. lat., 154° 15.69' W. long., then southwesterly to the crest of Hochandohtla Mountain at 65° 31.87' N. lat., 154°52.18' W. long., then southwest to the mouth of Cottonwood Creek at 65° 13.00' N. lat., 156° 06.43' W. long., then southwest to Bishop Rock (Yistletaw) at 64° 49.35' N. lat., 157°21.73' W. long., then westerly along the north bank of the Yukon River (including Koyukuk Island) to the point of beginning. **The area is closed to the use of aircraft for hunting moose, including transportation of moose hunters, their hunting gear, or moose parts; however, this does not apply to transportation of moose hunters, their hunting gear or moose parts by aircraft between publicly owned airports in the controlled use area.** All permit holders must sign in at Ella's Cabin check station or Huslia or Hughes to activate the hunt dates indicated on the permit, and must report in person at Ella's Cabin check station or Huslia or Hughes within 48 hours of the close of the season for which the permit was issued.

KOYUKUK MOOSE

Detailed hunt maps available on our web site at www.wildlife.alaska.gov/gis/index.cfm

In ALL Koyukuk moose hunts forequarter, hindquarter, and rib meat must remain on the bone until the meat has been transported from the area or to the hunter's home. You **may not** apply for any 2006 Koyukuk Controlled Use Area (CUA) moose drawing hunts if you were drawn for any 2005 Koyukuk CUA moose drawing hunts. A hunter who draws a permit for these areas cannot receive Registration Permit RM832 or RM834.

Game Management Unit, Area	Hunt No.	Number of Permits	Season Dates	Legal Moose	Specimens Required	Reporting Requirements If Successful	Additional Requirements and Information	
21D and 24, Koyukuk Controlled Use Area upstream from the Gisasa River <i>Residents Only</i>	DM828	20	Sept. 5-Sept. 14	Bull	 5-inch section of lower jaw with front teeth	In person at Ella's Cabin check station or Huslia or Hughes within 48 hours of the close of the season for which the permit was issued.		
	DM830	20	Sept. 16-Sept. 25					
21D and 24, Koyukuk Controlled Use Area upstream from the Gisasa River <i>Nonresidents Nonguided Only</i>	DM827	3	Sept. 5-Sept. 14	Bull with 50 inch antlers or antlers with 4 or more brow tines on at least one side			Nonresidents hunting with resident relatives must apply for DM827 and/or DM829, and may NOT use a licensed registered guide for these hunts. Nonresidents hunting with a licensed registered guide must apply for DM823 or DM825.	
	DM829	2	Sept. 16-Sept. 25					
21D and 24, Koyukuk Controlled Use Area upstream from the Gisasa River <i>Nonresidents Guided Only</i>	DM823	2	Sept. 5-Sept. 14	Bull with 50 inch antlers or antlers with 4 or more brow tines on at least one side				Guided nonresident Koyukuk Controlled Use Area moose hunters may only apply for ONE hunt. Successful applicants must provide the Fairbanks ADF&G office with a signed copy of a Guide-Client Agreement (available from the guide or the ADF&G website) to reserve their permit. Guide-Client Agreements must be received by mail (1300 College Road Fairbanks AK 99701-1599), fax (907-452-6410), or in person at the Fairbanks office by February 17, 2006. If a successful applicant fails to provide the Guide-Client Agreement by the deadline, we will choose an alternate for that permit. Each alternate, selected in the order in which the names were drawn, will be given 7 days after notification to mail, fax, or bring in person their signed copy of the Guide-Client Agreement to the Fairbanks office. If a guided nonresident drawing permit is available, but the alternate list is exhausted, the department will issue permits to the next nonguided nonresident alternate. If there are no alternates for a hunt, unallocated permits will be offered on a first-come, first-serve basis starting on February 24, 2006, at the Fairbanks ADF&G office. To register for an unallocated permit, a hunter or an agent must provide a signed Big Game Guide and Transporter hunt record to ADF&G in Fairbanks.
	DM825	3	Sept. 16-Sept. 25					

MOOSE

Detailed hunt maps available on our web site at
www.wildlife.alaska.gov/gis/index.cfm

All unsuccessful hunters report in person or by mail within 15 days of close of season.
All in-person reporting to be done during regular state office hours: weekdays (except holidays) 8 a.m. - 5 p.m.
A hunter who draws a permit for these areas cannot receive Registration Permit RM832 or RM834.

Game Management Unit, Area	Hunt No.	No. of Permits	Season Dates	Legal Moose	Specimens Required (Return with Permit Report)	Reporting Requirements If Successful	Additional Requirements and Information
21B, Nowitna River Corridor <i>Residents Only</i>	DM806	16	Sept. 5-Sept. 25	Bull	 5-inch section of lower jaw with teeth collected by ADF&G representative while reporting	In person at Nowitna River check station, Fairbanks or by mail within 10 days of kill	Hunt Area: Nowitna River Corridor Unit 21B beginning at the mouth of the Nowitna River and extending five miles on either side of, and including the Nowitna River. <i>Nonresidents Only</i>				Bull with 50-inch antlers or antlers with 4 or more brow tines on at least one side			

Mt. Goat Permit Areas - Units 7 & 15

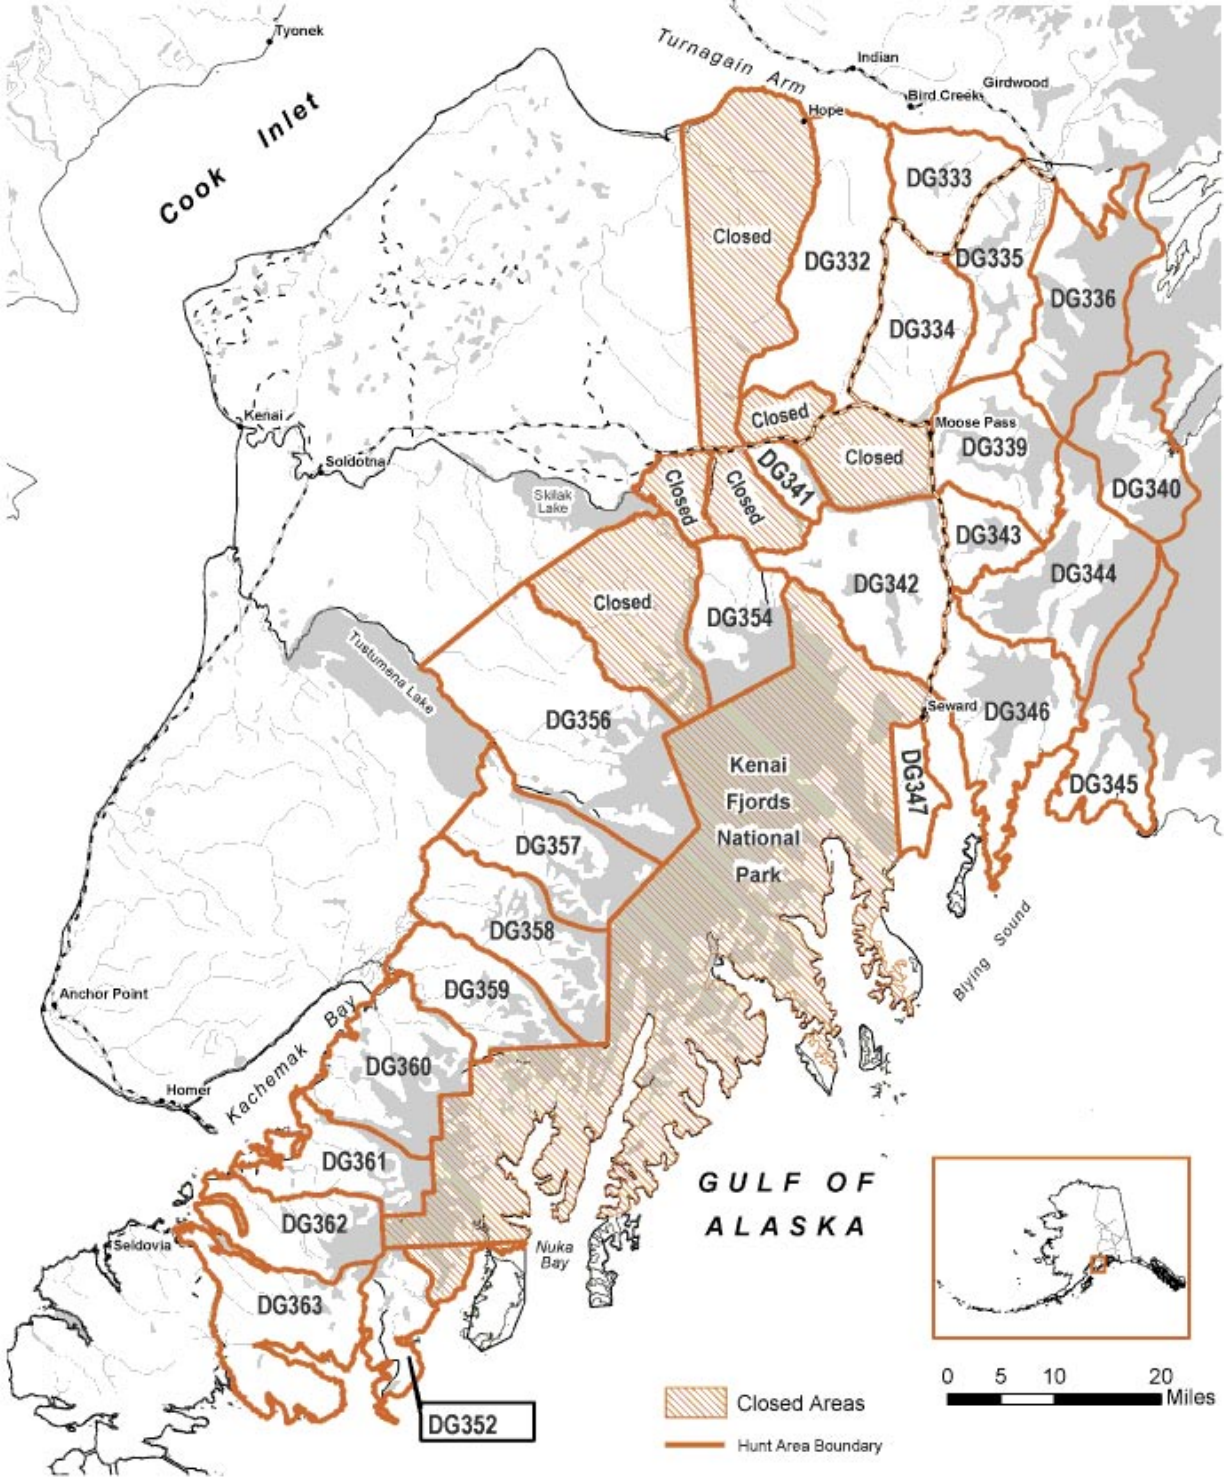

Hunter Education Requirements for those intending to hunt in Units 7, 13-15, and 20:

If you are 16 years of age or older, **and born AFTER** January 1, 1986, you must have successfully completed a department-approved Basic Hunter Education course.

If you are under 16 years of age you must have successfully completed a department-approved Basic Hunter Education course, or hunt under the direct immediate supervision of a licensed hunter who has successfully completed a Basic Hunter Education course.

MT. GOAT

Hunters are encouraged to take male goats. All reporting is to be done during regular state office hours: weekdays (except holidays) 8 a.m. - 5 p.m. All unsuccessful hunters must report within 15 days of close of season.

Nonresident hunters - please use your Alaska guide’s address to facilitate timely receipt of your permit if you are successfully drawn.

East	DG719	25							
Unit 14C				Sept. 5-Oct. 15		Hunt Area: Unit 14C within the drainage of the East Fork of Eklutna River.			
East Eklutna	DG852	3					Hunt Area: Unit 14C within the upper Glacier Creek drainage including Winner Creek drainage but excluding Crow Creek drainage.		
Glacier Creek	DG856	4					Hunt Area: Unit 14C within the Eagle River drainage upstream from and including Icicle Creek drainage but excluding Raven Creek drainage.		
Eagle River	DG854	3							
Bird Creek	DG858	3					Hunt Area: Unit 14C the Bird Creek drainage including Penguin Creek drainage.		

SHEEP

Detailed hunt maps available on our web site at
www.wildlife.alaska.gov/gis/index.cfm

Guide requirements: Nonresident sheep hunters must be accompanied in the field by a licensed guide or an Alaskan resident relative “within the second-degree of kindred” as defined on page 1 of this supplement.

Salvage, sealing and reporting requirements: Horns must accompany meat from the field, and must remain attached to the skull plate for sealing purposes. In horn-size restricted hunts, ram horns must be sealed within 30 days of the date of kill, □ horn size restrictions □ Additional Requirements. If you are unsuccessful, report by mail within 15 days of close of season. All reporting and sealing must be done during regular office hours: weekdays (except holidays) 8 a.m.-5 p.m. Alaska Standard Time.

Game Management Unit, Area	Hunt No.	Number of Permits	Legal Sheep	Season Dates	Additional Requirements and Information
7, Crescent Lake	DS154	10	Ewe	Aug. 10-Sept. 20	Hunt Area: that portion of Unit 7 south of the Sterling Highway, west of the Seward Highway, and north and east of Kenai Lake.
	DS156	6	Full curl		
7 & 15A, portions of Round Mt.	DS150	3	Full curl	Aug. 10-Sept. 20	Hunt Area: those portions of Units 7 and 15A east of the Fuller Lake Trail, south of Dike Creek and a straight line from the source of Dike Creek east through the divide south of Trout Lake to Juneau Creek, west of Juneau Creek, and north of the Sterling Highway.
12, 13C, and 20D, Tok Management Area	DS102	100	Full curl every 4 regulatory years	Aug. 10-Sept. 20	Hunt Area: Tok Management Area - those portions of Units 12, 13C and 20D bounded by a line along the Alaska Highway east from the west side of the Johnson River bridge to Tok Junction, then south along the Tok-Slana cutoff (Glenn Highway) to the Slana River, then west along the north bank of the Slana River to its confluence with Lost Creek, then up the north side of Lost Creek to the divide between Lost Creek and Jack Creek, then north to the Unit 12 boundary then west along the Unit 12 boundary to Mount Kimball (63°17' N. lat., 144°40' W. long.), then west in a straight line to Mount Gakona (63°17' N. lat., 145°12'W. long.), then southwesterly to the head of Canwell Glacier, then northerly to the head of the Johnson Glacier, then northerly along the west bank of the Johnson Glacier and Johnson River to the Johnson River bridge.
14C, Central 	DS123	1	Full curl or ewe	Aug. 10-Sept. 30	Hunt Area: that portion of Unit 14C to include the following areas: The Indian Creek drainage west of Indian Creek, excluding a 1/4-mile buffer from Powerline Pass trail, and The south-side Eagle River drainage downstream of the Heritage Falls Creek drainage to, but not including, the South Fork Eagle River drainage, and The north-side Eagle River drainage downstream of the Dishwater Creek drainage to, and including, Falling Water Creek drainage. These are non-contiguous areas and the permit holder can hunt any or all of the three areas.
14C, Northeast	DS124	3	Full curl or ewe	Aug. 10-Aug. 22	Hunt Area: that portion of Unit 14C within the drainages of Hunter Creek, Big Timber Creek and Lake George.
	DS125	5	Full curl or ewe	Aug. 23-Sept. 4	
	DS126	5	Full curl or ewe	Sept. 5-Sept. 17	
14C, East Eklutna	DS127	3	Full curl or ewe	Aug. 10-Aug. 22	Hunt Area: that portion of Unit 14C within the drainage of the East Fork of Eklutna River.
	DS128	3	Full curl or ewe	Aug. 23-Sept. 4	
	DS129	3	Full curl or ewe	Sept. 5-Sept. 17	
14C, Northwest	DS130	8	Full curl or ewe	Aug. 10-Aug. 22	Hunt Area: that portion of Unit 14C within the drainages of Peters Creek, Thunderbird Creek, Goat Creek, and Knik River downstream from the Hunter Creek drainage.
	DS131	12	Full curl or ewe	Aug. 23-Sept. 4	
	DS132	12	Full curl or ewe	Sept. 5-Sept. 17	
	DS111	10	Ewe	Aug. 23-Sept. 4	
	DS112	10	Ewe	Sept. 5-Sept. 17	
14C, Upper Eagle River	DS133	4	Full curl or ewe	Aug. 10-Aug. 22	Hunt Area: that portion of Unit 14C within the drainage of the north side of Eagle River upstream from and including Dishwater Creek drainage.
	DS134	5	Full curl or ewe	Aug. 23-Sept. 4	
	DS135	5	Full curl or ewe	Sept. 5-Sept. 17	
14C, Southwest	DS136	10	Full curl or ewe	Aug. 10-Aug. 22	Hunt Area: that portion of Unit 14C within the drainages of Ship Creek, Bird Creek, the north side of Glacier Creek, and the south side of Eagle River (excluding Raven Creek) upstream from and including Heritage Falls Creek drainage.
	DS137	10	Full curl or ewe	Aug. 23-Sept. 4	
	DS138	10	Full curl or ewe	Sept. 5-Sept. 17	
	DS117	10	Ewe	Aug. 23-Sept. 4	
	DS118	10	Ewe	Sept. 5-Sept. 17	
14C, West	DS139	30	Full curl or ewe	Sept. 18-Sept. 30	Hunt Area: all Unit 14C hunt areas described above, EXCEPT that portion of 14C within the drainage of the East Fork Eklutna River, and <u>EXCEPT for the hunt areas described in Hunt No. DS123.</u>
	DS119	10	Ewe	Sept. 18-Sept. 30	
	DS120	30	Ewe	Oct. 11-Oct. 31	
14C, West Certified Bowhunters Only	DS140	100	Any sheep	Oct. 1-Oct. 10	Hunt Area: all Unit 14C hunt areas described above, including the drainages of the East Fork of the Eklutna River and the West Fork of the Eklutna River upstream of the Eklutna River Closed Area, <u>EXCEPT for the hunt areas described in Hunt No. DS123.</u>
14C, West Eklutna Certified Bowhunters Only	DS141	35	Any sheep	Sept. 5-Sept. 30	Hunt Area: that portion of Unit 14C within the Eklutna River drainage upstream of the Eklutna River Closed Area excluding the East Fork Eklutna River.
20D, 13B, and 20A, Delta Controlled Use Area	DS203*	75	Full curl	Aug. 10-Aug. 25	Hunt Area: Delta Controlled Use Area - those portions of Units 13B, 20A, and 20D beginning at the confluence of Miller Creek and the Delta River then west to VABM Miller, then west to include all drainages of Augustana Creek and Black Rapids Glacier, then north and east to include all drainages of McGinnis Creek to its confluence with the Delta River, then east in a straight line across the Delta River to the east bank of the Delta River, then north along the east bank to a point opposite the intersection of the Alaska and Richardson Highways, then east in a straight line to the intersection of the Alaska and Richardson Highways, then east along the Alaska Highway to the west bank of the Johnson River, then south along the west bank of the Johnson River and Johnson Glacier to the head of the Canwell Glacier, then west along the north bank of the Canwell Glacier and Miller Creek to the Delta River. The area is closed to any motorized vehicle or pack animal for big game hunting, including the transportation of big game hunters, their hunting gear, or parts of big game, from August 5 through August 25. *From 12:01 a.m. August 5 until 12:01 a.m. August 26, no motorized vehicles or pack animals may be used to transport big game hunters, big game hunting gear, or parts of big game within the Delta Controlled Use Area. This does not include the Richardson Highway or the Charlie Boyd airstrip (63°29.50' N.lat., 144°50.75' W. long.). Accessibility of Johnson River airstrips can be confusing. Call Delta ADF&G or Troopers for clarification. Additional information can be found at http://www.wildlife.alaska.gov/hunt_trap/hunting/deltasheep.cfm .
	DS204	75	Full curl	Aug. 26-Sept. 20	
20E and 20D, Mt. Harper	DS206	4	Full curl	Aug. 10-Sept. 20	Hunt Area: That portion of Unit 20D between the north bank of the Tanana River and the south bank of the main stem of the Goodpaster River and that portion of 20E north and west of the north bank of the Middle Fork of the Fortymile River upstream from and including the Joseph Creek drainage. This area is primarily accessible by light aircraft. Sheep density is low.
23	DS384	11	Full curl	Aug. 10-Sept. 20	Hunt Area: Unit 23, north and west of the Noatak River, west of Howard Pass, and north of Rabbit and Kiyak Creeks. CAUTION: portions of the hunt area are included within Noatak Controlled Use Area- that portion of Unit 23 in a corridor extending five miles on either side of, and including, the Noatak River, including the river; beginning at the mouth of the Noatak River, and extending upstream to the mouth of Sapun Creek. The Noatak Controlled Use Area is closed from August 25 through September 15 to the use of aircraft in any manner for big game hunting, including transportation of big game hunters, their hunting gear, or parts of big game; however, this does not apply to the transportation of big game hunters, their hunting gear; or parts of big game to and between public airports.

Certification Requirements for Bow Hunts

You may NOT hunt with long bow, recurve bow, or compound bow in any hunt or area restricting the taking of **big game** to archery only unless you have first successfully completed an International Bowhunter Education Program (IBEP) course or department-approved equivalent.

To hunt with a drawing permit restricted to ***Certified Bowhunters Only*** you must have your IBEP certification prior to applying for the hunt.

The department currently offers the IBEP course through volunteer instructors. The course includes a shooting proficiency test. Names of instructors and course dates are available at regional Fish and Game offices.

For more information, please call Anchorage 267-2187; Douglas 465-4267; Fairbanks 459-7206; Nome 443-2271; Palmer 746-6300; or Soldotna 262-9368.

Hunter education requirements for those intending to hunt in Units 7, 13-15, and 20:

If you are 16 years of age or older, and born AFTER January 1, 1986, you must have successfully completed a department-approved Basic Hunter Education course.

If you are under 16 years of age you vision of a licensed hunter who has successfully completed a Basic Hunter Education course.

Detailed hunt maps available on our web site at www.wildlife.alaska.gov/gis/index.cfm

More information about drawing permit hunts:

How does the random drawing work?

All permit applications are entered into a computer database. Once entered, each application is carefully checked for 18 potential problems such as two or more applications for the same hunt, correct hunt numbers, date of birth, hunting license information, etc. The computer then randomly assigns a number to each hunt on each valid application. The random number is referred to as your draw number. Party hunt applications receive one draw number for each hunt. That is, both applicants on the party hunt application receive the same draw number per hunt, so if that number is drawn, both party members receive a permit. Permits are awarded to applicants with the lowest draw numbers up to the number of permits allocated for that particular hunt. If five permits are to be awarded for a particular hunt, the five permits will be given to the first five lowest draw numbers until the total permit allocation is awarded. For example, if four of the five permits have been awarded, and a party application has the next random number, the party application will be skipped. This is because there is only one permit left available, and two permits would have to be awarded (one for each party member). The permit will be awarded to the next individual applicant whose number has been selected. After all permits have been tentatively assigned for a species, the listing is checked to identify any individuals who have been selected for two permits for the same species. If this occurs, the individual is awarded a permit based upon the first, second or third choice on the permit application. The other permit is then made available to the first individual applicant with the next lowest random number. The process is repeated for all hunts for that species until all possible permits are issued within the rules for awarding permits. Alternate lists are required to be used in a few specific hunts to maximize hunting opportunity. The alternate list is generated from all remaining applicants using the draw order already assigned in the original random draw. If the original applicant drawn does not notify the department of intent to hunt by the date required, the next applicant(s) on the alternate list will be offered a permit, until all permits have been awarded.

To improve your chance of drawing a permit:

- 1. Please read and follow the instructions carefully. Last year, less than 1% of the total applications were rejected. The most common errors were missing or invalid hunting license information, duplicate applications for the same hunt, incorrect or missing residency information, applying for more than 3 hunts per species, or for an invalid hunt. In addition, hunt applications were invalidated due to insufficient payment of application fees.
- 2. Apply for maximum of three hunts per species per regulatory year.
- 3. Apply for less popular hunts; see table below.

Two questions commonly asked by hunters wanting to improve their chances of winning a permit: "What hunts have the best odds to win a permit?" and, "How much does my chance for winning a permit improve with each additional choice?"

The table below lists results of the 2004 Winter Drawings, and can be used to answer the first question. The column titled "Percent Drawn" gives the percentage of applicants who won permits for each hunt; the higher the percentage, the better the odds of winning. For example, 100% of the hunters who applied for Unit 23 brown bear (DB791) won permits, while only 3% of those who applied for Tok sheep (DS102) won.

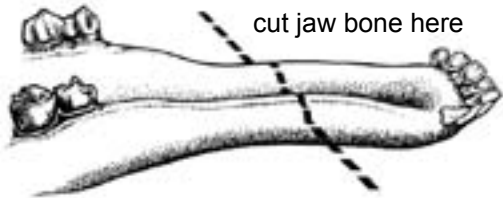

In answer to the second question, you may apply for a total of three hunt choices per species and the chance of winning a permit for a particular species usually increases with each additional hunt applied for. For example, hunters who applied for only one sheep hunt number won 5% of the total permits available, while hunters who applied for two sheep hunt numbers won 13% of the permits and those who applied for three sheep hunts won 83% of the permits.

Results of the 2004 Winter Drawings
